Where friendships form

Behind the scenes, we work diligently to match participants with like minded peers, creating an environment that encourages meaningful connections and maximises the potential for lasting friendships.

Our social support mentors actively facilitate friendships and inclusion, with every support focusing on progression, not just participation. Every week we see people who once struggled to find real world connections form genuine, lasting friendships.

Our weekly groups

Gal Pal
A welcoming group where friendships form around shared interests.

Games Group and D&D
Strategy, storytelling and teamwork.

Pizza and Pool
Relaxed, social and on every week.

Neurospicy Sundays
A safe space to practise social skills and build genuine friendships.

Three pathways to connection

Confidence and growth through weekly groups, group activities and 1:1 mentoring.
